From the Publisher: The way we were

Dear Reader,

What a difference from 2020. Please read below to remind you of how far we have come & how grateful we need be today.

Please show your appreciation to the advertisers in this joyful keepsake book, for it is they who made its publication possible. Look at all the pages or view them at tbrnewsmedia.com and then shop their stores and use their services.

Thank you in advance for your support of the graduates, for the advertisers and for our news media.

It seemed like such a cheat. After 12 years of formal schooling, preceded by perhaps kindergarten and pre-K, high school graduation, senior prom and all the other rites of passage to which students have always felt entitled were falling victim to an invisible bug. The novel coronavirus, nicknamed COVID-19 for corona virus disease, discovered in 2019, was to make 2020 an unprecedented year for change. Not since the United States was deeply engaged in World War II have students graduated into a world so grim. Hand sanitizers, masks, social distancing, sheltering-in-place, ventilators, frontline workers, emergency room beds, shuttered shops, non-essential services, airplane cancellations, testing, vaccines, tracing, were all words that became common coin in a matter of a mere couple of weeks. A microbe that was devastating China and Italy was crossing the oceans and coming ashore here. Life as we had known it was disappearing in the first half of March.

The watershed celebration marking transition from youth to full adulthood, from striving to accomplishment, from studying, writing papers, cramming for tests well beyond midnight to becoming an educated person, was disappearing along with the rest.

We at TBR News Media, coming upon a half century of service feeling the pain as well as sharing in the successes of our residents as we report on our communities, tossed around ideas for how to honor the graduates. We had always printed their names, designated by high schools across our six newspapers, as well as valedictorian, salutatorian and other details of each class. But now they were unseen.

You now hold in your hand a supplement that is a tribute to our graduating seniors.

We hope you seniors know how proud of you we are. It took a village. From our hearts, we thank all of you.

PS- And still are proud in 2023 with 770 photos.

From the Sponsor: Here’s to the future

BY MICHAEL ARDOLINO

The Realty Connect family and I would like to congratulate all of our North Shore graduates on achieving such a significant milestone in a young person’s life.

Each of you has a new chapter filled with endless possibilities ahead of you. After the celebrations are over, we hope you have time to reflect on the achievements you have worked hard for, overcoming obstacles and demonstrating your dedication to your education. A diploma is more than a piece of paper. It represents your resilience, growth and knowledge gained through the years.

Embarking on your new journey, be open to new ideas, diverse perspectives and step outside of your comfort zones. Your new phase may include college, vocational training or entering the workforce. Whatever you choose, embrace this change.

As you look to achieve your goals and live your dream life, remember everyone’s journey looks different. Look to explore various paths and interests. Success encompasses much more than external achievements or meeting societal expectations. Pursue your passions, follow your heart and discover what brings you fulfillment.

The last few years have proven just how resilient our young people are. Carry the lessons you have learned with you through life. How you respond to life’s ups and downs matters. On your journey, you’ll get a clearer picture of what you want to do. Embrace these times as opportunities to learn and grow. Most important of all, no matter what comes your way, never lose sight of your goals. Some of the most fascinating life stories have come out of adversity.

Remember the friendships you have made while living on our beautiful North Shore of Long Island. Building meaningful connections and nurturing those relationships is important and continuing to cultivate new ones is just as vital. Surround yourself with people who support your goals and inspire you to become a better person.

The world is at your feet. Believe in yourself and the future you desire while staying true to your values. Keep growing and learning. I’m sure I’ll be hearing and reading about many of your accomplishments in the future.

Enjoy the endless opportunities and abundant successes that await you.

Island Federal is pleased to award a total of $50,000 in College Scholarships to these eleven 2023 High School Graduates. We wish them all much success and happiness in their future.

You Can Bank on the Power of IF
“Go into the world and do well. But more importantly, go into the world and do good.”

– Minor Myers, Jr.
Imagine you are a parent of a college student living 200 miles away. Your telephone rings one evening and on the other end is your child’s roommate telling you that your child was just rushed to the emergency room. You call the hospital for information and identify yourself as the parent. The hospital advises you that because your child is 18, they cannot provide you with any information. It is at that moment that you realize that you have as much of a chance of getting healthcare information about a stranger as you do your own child.

Parents do not realize that even though they continue to pay for their child’s medical insurance, tuition, books and housing, they do not automatically have the legal right to their child’s medical information. This is, in part, because of the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”). One of the primary goals of HIPAA was to protect the confidentiality and security of healthcare information.

While age 18 is the age when minors cease to be considered children and the control and legal responsibilities of their parents is terminated, many parents are unaware that they lose rights at that point.

Before your child goes off to college, it is imperative that they execute a health care proxy naming a parent as their agent. Parents will then be contacted immediately if a child is seriously injured and the parent will have the authority to make health care decisions. In addition, if drafted correctly, the health care proxy will give parents access to their child’s medical records, allowing them to make informed decisions.

Although this is the last thing a family wants to think about when preparing a child for college, the risk is undeniable. According to the Center for Disease Control and Prevention (“CDC”) accidents are the leading cause of death for individuals age 18-24.

In addition, hundreds of thousands of young adults are hospitalized each year with catastrophic injuries. The question is: Do you want to be the first phone call or the last? A properly executed health care proxy offers one less worry for parents. Be protective and proactive.

Contact our office at 631.390.5000 to schedule your appointment with your college student before the summer ends.

“You are about to start the greatest improvisation of all. With no script. No idea what’s going to happen, often with people and places you have never seen before. And you are not in control. So say ‘yes.’ And if you’re lucky, you’ll find people who will say ‘yes’ back.”

– Stephen Colbert

Port Jefferson Rotary Scholarships

Four students from three high schools – Comsewogue, Mt. Sinai and Port Jefferson – each received a $1,000 scholarship from the Port Jefferson Rotary Club:

You cannot dream of becoming something you do not know about. You have to learn to dream big. And education exposes you to what the world has to offer, to the possibilities open to you.”

"Go make your big beautiful dent, and as you do so come down on the side of boldness. If you err, may it be for too much audacity, and not too little. For you really are enough. You have untold strengths and resources inside. You have your glorious self."

Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition.
